

TODAY YOU ARE BEGINNING YOUR FUTURE

ENROLLMENT STEPS &
APPLICATION FOR ADMISSION

ccac.edu

CCAC[®]

OUR GOAL IS YOUR SUCCESS.

As an open admissions institution,

CCAC is pleased to provide educational opportunities for all students. Everyone attending CCAC must complete an application for admission. There is no application fee. If you have a high school diploma or GED, you are eligible for admission as a full-time student. Although CCAC does not require entrance examinations, first-time, full-time students with no previous college coursework will be required to take placement tests before enrolling in classes.

Admission to the college does not constitute acceptance into a limited-admission program. If you indicate a preference for one of these limited-admission programs, request a packet containing complete information on how to apply to that program.

APPOINTMENT CENTRAL

lets you schedule placement tests, orientation, advising appointments and more. Visit webapps.ccac.edu/appointmentcentral.

Enrollment Steps

- 1** Complete the attached admissions application. An online application is available at ccac.edu.
- 2** Apply for financial aid by submitting the FAFSA form, available online at www.fafsa.ed.gov.
- 3** First-time degree, certificate and diploma seeking students are required to complete an online or an on-site student orientation before registering for classes. Visit ccac.edu/orientation for more information.
- 4** Review placement testing requirements and exemptions, as well as preparation tips at ccac.edu/placement-tests. If you are a full-time, associate degree seeking student who does not have one of the exemptions listed, please schedule a placement test using Appointment Central: ccac.edu/appointment-central. Don't forget, a photo ID is required for placement testing and registration.
- 5** Meet with an academic advisor to discuss your education plan. New students and students in several other categories are required to meet with an academic advisor. If you plan to transfer to another institution, we strongly urge that you meet with a counselor as soon as possible.
- 6** Register for classes. A photo ID is required; additional requirements can be found at ccac.edu/registration-services.
- 7** Pay for classes. A complete listing of tuition and fees can be found at ccac.edu/payment.
- 8** Submit your final transcripts. Include high school/GED and any college transcripts.

I attest that the information on this application is correct to the best of my knowledge. SIGNATURE DATE

The college is subject to provisions of and complies with the Family Educational Rights and Privacy Act of 1974. A statement of the college policy can be found in the student handbook and college catalog. * The Social Security Number is required; CCAC will only use it for reporting tuition paid for possible tax credits. The college software assigns a student ID to all new students; students use that ID when using college services. ** Voluntary information used to comply with federal reporting and has no effect on admission to the college. The College does not discriminate and prohibits discrimination against any individual based upon race, color, religion, national origin, ancestry or place of birth, sex, gender identity or expression, perceived gender identity, sexual orientation, disability, use of a service animal due to disability, marital status, familial status, genetic information, veteran status, age or other classification protected by applicable law in matters of admissions, employment, services or in the educational programs or activities that it operates. The complete policy and related information can be found on CCAC's website at https://www.ccac.edu/nondiscrimination/ *** Domicile shall mean a person's true, fixed and permanent home, to which one intends to return after being absent. Revised October 2015

Select the program that aligns with your interests and educational plan.

Associate of Arts and Associate of Science degrees include specific coursework along with a core of general education courses in English, mathematics, science, social sciences and humanities. Many students enter the workforce with associate degrees. Others wish to work with counselors and transfer to four-year institutions to pursue bachelor's degrees, using articulation agreements between CCAC and nearly 30 other universities or using certain degrees designed as templates for specialized programs. Associate degrees require at least 60 college credits and take 15 to 24 months of full-time study (longer for part-time students).

Arts & Humanities

089^ General Studies
006^ UP—Liberal Arts & Sciences
026 Art
374.2 Graphic Communications
280 Industrial Design & Art
018.1 Music
025.2 Theatre

Business

004.2^ UP—Business
097 Business—CCAC & IUP (BS option)
105 Accounting
340 Accounting Specialist
785.1 Administrative Assistant
378 Aviation Management
382.1 Aviation Technology
385.2 Business Management
327.4 Court Reporter

731.1 Stationary Operating Engineer
316.4 Welding Technology
001 Visiting Student
800 Non-degree Seeking

Certificate and diploma programs concentrate on specific skills, usually without general education coursework. Many students begin in certificate programs to move into the job market then continue their studies in a degree program in the same field. Most of the certificate programs require 15 to 30 college credits and can be completed in four to 12 months of full-time study (longer for part-time students).

Arts & Humanities

376.2 Digital Graphic Design
114.2 Ethnic & Diversity Studies
085 General Education
127 Film Worker
125 Technical Theatre (diploma)

Business
