

IMPORTANT: Pre-registration, with payment, required 2 weeks before the program starts.

Description: BLS Provider CPR

The AHA's new BLS Course has been updated to include science and education from the 2015 Guidelines Update for CPR and ECC. It teaches both single-rescuer and team basic life support skills for application in both prehospital and in-facility environments, with a focus on high-quality CPR and team dynamics.

In the Instructor-led course, students participate in simulated clinical scenarios and learning stations. Students work with an AHA BLS Instructor to complete BLS skills practice and skills testing. Students also complete a written exam.

M = Monday • T = Tuesday • W = Wednesday • R = Thursday • F = Friday • S = Saturday • U = Sunday
